“Raining”

About 60 miles north east of Virginia City, lie's the sleepy little town of West Paint. In reality it's not a sleepy little town at all but is the staging point for the notorious Slumdowner gang. All of the gangs wives and girlfriends live there so it's the gangs one stop shop. With the men being gone most of the time the women are just bored senseless. One day out of this boredom, Rotten Connie, Ms. Pain, Buckshot Candy, leata, Whisky Made, Cassie Inew and Sausey decide to form their own gang. Won't the men be surprised when they get back and find we collected more money than they did Buckshot boasts. For their first job they go to a railroad bridge and place a large stack of dynamite. They figure when the last train car carrying the safe passes over, Boom, it will be raining money. What they didn't know was at the last minute the railroad had attached an extra car to the back full of new recruits for Fort What Tha. When the ladies set off the charge under the last car to their amazement all they see are bodies flying everywhere not money. As they all quickly start running to their horses Ms. Pain turns to Rotten Connie and says it's not raining money, it's raining men. Whisky Made replies as she grabs her horses reins, maybe one day someone will write a song about that. It's Raining Men.
